F.OH. Requirements:

A 24 channel foh desk is preferred, we understand this isn't always possible and are used to improvising. ***Most important is that we know in advance if resources are limited.*** The band will bring multi-cables. Please contact Carlos if the FOH desk doesn't have pre-fader Direct-Outs or 8 Local/Omni-Outs.

The dub FX setup requires 1m2 at FOH, 8 direct/omni outs and 2 local inputs.

Monitor requirements:

4 groups if possible. 5 wedges and a line for a wired (stereo) in-ear monitor at the drums.

Band:

Darryl: Lead vocals and guitar SL

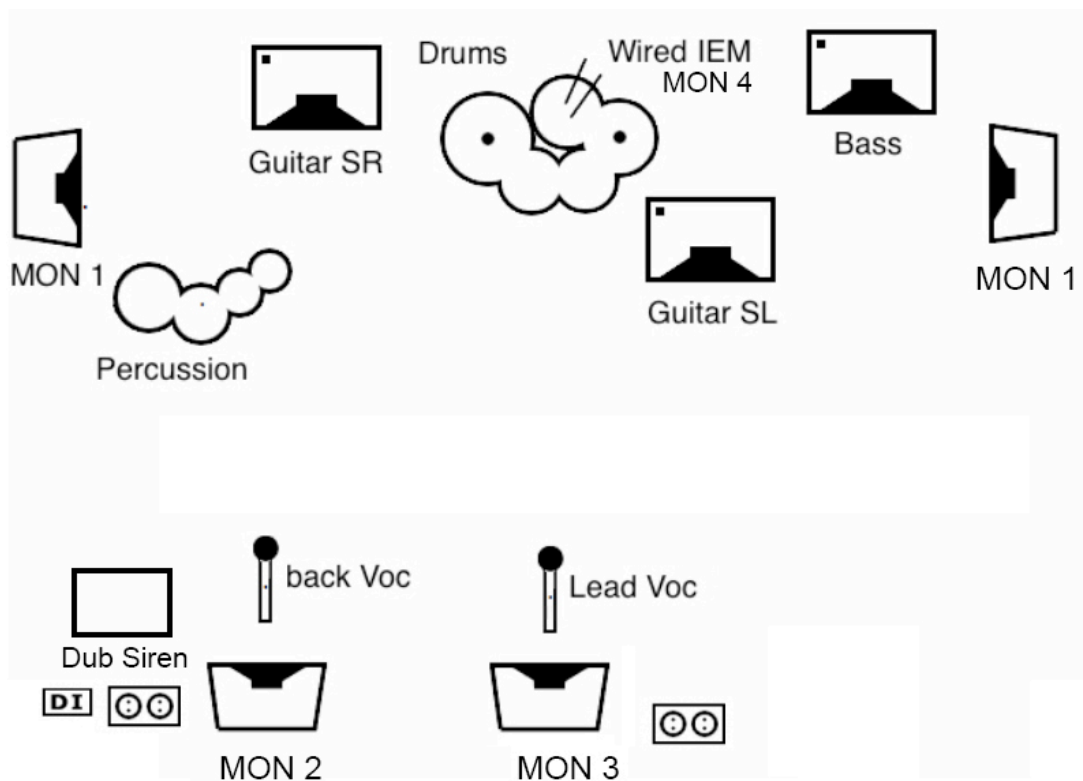

Menzo: Backing vocals, guitar SR and dubsiren

Bas: Bass

Boy: Drums

Govert: Percussion

Carlos: dub FX at FOH

Stageplot:

| CH | Source | Mic | Split |
|-----------|-------------------------|------------|--------------|
| 1 | Kick in | B91 | |
| 2 | Kick out | B52 | |
